OUR PLEDGE:

**PROUDLY
MADE IN
THE U.S.A.**

Each 44® Frame is built right from my shop here in New England. I take tremendous pride in the fact that each one is made by hand in the USA from U.S. sourced materials whenever possible. I don't choose fly by night operations; only the finest craftsmen are employed for component, material, paint / finishing work. Whenever possible, I spec only OEM's that make their components in these great 50 states. Your frame is guaranteed for the life of the rider. Rest assured that if something does happen, you're covered. RIDE each one with pride.
